 A word to the bidders on Numismatic Books. In my last I had bids as low as 25c for books that were worth from \$2 to \$10. There are no Numismatic Books that sell for 25c. They always bring dollars. Furthermore do you realize what it means to get up one of these Numismatic Works? It takes from one year to five dependent on the work entailed. Take the catalogue which you are sending your bids from took two months to compile. A collector without Numismatic Books is like a man without a country or even a bed to sleep in.
